- Discounts are activated at GSA Advantage checkout.

What if my order doesn't meet the minimum purchasing requirement?

- The minimum purchasing amount is currently \$100, depending on vendors.
- We recommend that you pool together other purchases in your office using the "Park Cart" feature on GSA Advantage.
- Develop a strategy to purchase more items less frequently, planning ahead, so that you are making larger purchases.
- Remember, order minimums result in added value: better prices and less shipping waste.
- All OS4 vendors offer a convenience fee to bypass minimum order requirements. If you need to make an order below the minimum order, you may do so for a convenience fee.

Ordering Procedure For Orders At Or Below the Micro Purchase Threshold (\$10,000)

- Attempt to distribute orders among multiple OS4 contractors.
 - Order minimums are currently \$100, but some vendors will accept lower minimums.
 - Smaller orders may be placed with vendors for a convenience fee.
- As part of the government's sustainable ("green") mandates, place larger orders to reduce the number of deliveries and transactions.
- Keep in mind Delivery Tier discounts for orders at \$300 and above from some vendors.

What If the Office Supply I want to buy is not on OS4?

- In general, the OS4 program includes a wide range of products, brands, and part numbers although not every brand or part number may be included.
- By purchasing office supplies through OS4, customers are able to ensure that they are meeting all relevant mandates and procurement regulations (TAA, EO 13834).
- We recommend purchasing an item that is a “close second” to the office supply you are intending to buy.

Orders Exceeding Micro-Purchase Threshold but less than the SAT (\$10,000 to under \$250,000)

- Orders exceeding Micro-Purchase threshold but less than the SAT must follow FAR Part 8.405-1(c).
- Survey at least 3 contractors through GSA Advantage or request quotes from at least 3 OS4 awardees.

Orders equal to or above the SAT (\$250,000)

- Must provide fair opportunity to all OS4 vendors
- Encouraged to use GSA's E-Buy system or a reverse auction
- Consult FAR part 8.405-1(d) for more information

I'm outside the Continental US. Can I use FSSI OS4?

- You can use the FSSI REQUISITION CHANNEL for OCONUS ordering or the FSSI OS4 SIN 280 for OCONUS ordering as well.

GSA Global Supply – A Government to Government Wholesale Supply Source

- GSA Global Supply has already procured the most in-demand products on the government's behalf, meaning that your order is a simple requisition between agencies.
- Requisitions satisfy all Federal Acquisition Regulation (FAR) requirements, including Trade Agreements Act policies, socioeconomic goals, AbilityOne mandates, executive orders and best overall competitive pricing.
- Place a requisition via DoD Activity Address Code, Civilian Activity Address Code, and/or Government Purchase Card.

Organization of the Products

- Three categories established for bidders:
 - General Office Products (staplers, clipboards, binders, etc.)
 - Paper Products – office paper only (no paper towels)
 - Toner and Inkjet Products
- Market basket (MB)
 - Mandatory items (high demand) vendors must offer
 - Supplemented by non-MB NSNs they can offer
 - Invited to supplement further with part numbered items in that category
 - Currently have approx. 1500 NSNs and 4000 part numbers under contract
- Awards made in summer 2015 and “go live” was October 2015; 4th (final) option period was just renewed for an additional year. Contracts sunset August 2020.
